M600 ULTRA SCOUT LIGHT®
ULTRA-HIGH-OUTPUT LED WEAPONLIGHT w/ THUMBSCREW MOUNT

The M600 Ultra Scout Light is a lightweight, compact WeaponLight featuring an ultra-high-output LED that delivers 500 lumens of blinding white light. A proprietary TIR lens shapes the recoil-proof LED’s light into a beam with plenty of reach but enough surround light to accommodate peripheral vision, making the M600U ideal for close to longer-range applications. The rugged M600U attaches quickly and securely to any MIL-STD-1913 rail via its integral thumbscrew clamp. The light is activated by either clicking its pushbutton tailcap switch or by pressing the pressure-activated tape switch on appropriate models. Constructed of lightweight aerospace aluminum, hard anodized with a Mil-Spec finish, and O-ring sealed to keep out the elements, the tough M600 Ultra thrives in combat-like conditions and provides a tactical advantage in low-light situations—without any sacrifice in weapon maneuverability.

FEATURES & BENEFITS
• Virtually indestructible ultra-high-output LED generates 500 lumens of blinding light; produces tactical-level light for 1.5 hours on a set of batteries
• TIR lens shapes versatile beam with enough reach and surround light for close-to-longer-range operations
• Hard-anodized aluminum body, tempered window & O-ring seals make light rugged and durable
• Models feature tailcap and pressure-pad tape switch options
• Thumbscrew mount attaches quickly & securely to MIL-STD-1913 rails
• Powered by two 123A lithium batteries with 10-year shelf life
• Backed by SureFire’s No-Hassle Promise
